

**The DaNa Facility
Interview, photography & filming consent form**

Why do we need consent?

We produce stories about the work that we do so our funders can see how we spend their money. The people in our stories must give their consent freely and be fully aware of how we will use their stories, words, and images.

I hereby give my consent for the DaNa Facility to use my story to support its work in Myanmar:

(a) to the DaNa Facility, and its affiliates and their agents to record, film, photograph, tape or otherwise make a printed or video reproduction of me or my family and/or record our voice(s); and,

(b) to the DaNa Facility to use my name or my families' name and such film, photograph, tape or reproduction of us and/or recording of our voice(s), in part or in whole, in newspapers, magazines and other print media, on television, radio and electronic media (including the "Internet"), in theatrical media and/or in mailings for the economic development work of the DaNa Facility, in connection with the promotion of the DaNa Facility and its work and activities.

I consent that such use is given in perpetuity, and it does not require prior approval by me. I further disclaim any right to receive compensation or economic benefit that has or could have become due in connection with the use of the film, photograph, tape or reproduction of me, my family and/or the recording of our voice(s).
